

THOMAS T VO / @BUSYASIAN

BUSY BEING ME.

A person. A camera. A good story.

Thomas T Vo is the creator behind @busyasian. Casino clips, unplanned moments and a life beyond the table. His next chapter: new places, a good meal and a camera along for the ride.

CREATIVE PARTNERSHIPS

BRING THE IDEA. WE'LL FIND THE STORY.

Original short-form content for travel, hospitality, experiences and brands with a story worth telling. Start with one of these formats.

01 The feature.

ORIGINAL VERTICAL VIDEO

One clear concept, filmed in Thomas's voice. A focused introduction to a brand, product or experience.

Plan a concept and one edited vertical video. Story support, publishing channels and usage rights can be quoted separately.

02 The visit.

ON-LOCATION STORYTELLING

Bring Thomas to a destination, venue or event. Let the experience become the story.

Agree on the filming visit and content deliverables. Dates, access, travel, accommodation and usage are scoped before booking.

03 The longer run.

A RECURRING CONTENT SERIES

Build a connection over several appearances with a consistent creative idea.

Plan a series, publishing schedule and agreed deliverables. Exclusivity, licensing and paid-media use are priced by scope.

These are starting points for a brief, not fixed packages or a booking commitment. Pricing, deliverables, approvals, disclosures and usage rights are agreed in writing. No guaranteed reach or results.

LET'S TALK.

Send the brand, goal, dates, budget range and intended use of the content.
